

Payroll, Salary Structure and Reimbursement Policy

Document ID: POL-PAY-014
Owner: HR Operations / Finance
Status: Approved
Version: 5.0
Last Updated: 2026-01-22
Applies to: All Employees, All Towers

1. Salary Disbursement

1. Salary is credited on the last working day of each month to the bank account registered in the HR portal.
2. Payslips are available for download from the HR portal under Payroll > Payslips, usually by the 2nd working day of the following month.
3. If salary is not credited within 2 working days of the expected date, raise a ticket under HR Helpdesk > Payroll Issue. Do not email Finance directly for individual delays; the helpdesk routes faster.

2. Salary Structure Components

1. Basic Pay — fixed component, forms the base for PF and gratuity calculation.
2. House Rent Allowance (HRA) — exemption applicable if renting and rent receipts are submitted during tax declaration windows.
3. Special Allowance — balancing component of CTC.
4. Provident Fund (PF) — 12 percent of Basic Pay, employee contribution, matched by employer contribution, deposited monthly with EPFO.
5. Gratuity — payable after 5 years of continuous service, as per the Payment of Gratuity Act.
6. Performance Bonus — paid annually, tied to individual rating and company performance, typically disbursed in Q2 of the financial year.

3. Tax Declaration and Form 16

1. Investment declarations for tax saving (80C, 80D, HRA, etc.) must be submitted in the HR portal during the declaration window, typically open April through June.
2. Proof of investments must be submitted by January 15 to avoid excess TDS deduction in the final quarter.
3. Form 16 is issued by June 15 for the preceding financial year, downloadable from the HR portal.

4. Reimbursements

1. Internet and mobile reimbursement: up to the limit specified in your grade's policy, claimed monthly through the Expense module with a bill/invoice attached.
2. Relocation reimbursement: applicable when transferred to a new base location at company request, covers actual travel and limited transit accommodation, claimed within 30 days of relocation.
3. Client-site travel and local conveyance: claimed through the Expense module with receipts; approval required from the Project Manager before reimbursement is processed.
4. Reimbursement claims are typically processed within 10 working days of approval.

5. Salary Revision and Promotions

1. Annual appraisal cycle typically runs April to June, with revised compensation effective from the cycle's effective date (usually July 1 or as communicated).
2. Off-cycle revisions (counter-offers, internal promotions, role changes) are processed separately and communicated by HR Business Partner directly.

6. Common Questions

1. Loss of Pay (LOP) is deducted when leave balance is insufficient or unapproved leave is taken; it reduces Basic Pay proportionally for the days in question.
2. Notice period buyout, if applicable, is calculated on Basic plus applicable allowances, not full CTC.

3. Full and Final (F&F) settlement after resignation is typically processed within 45 days of the last working day, subject to clearance from all departments (IT, Finance, Project, Admin).
